### About the Book

*300 Beers to Try Before you Die!* is a comprehensive portfolio of international beers compiled by Roger Protz, one of the world's leading beer writers. In this unique and beautifully illustrated collection, he has distilled decades of beer knowledge into an entertaining and indispensable guide to the brews that no beer lover should miss: from hoppy British real ale to lagers from Germany and the Czech Republic and American micro-brewed golden ales to Belgian fruit beers

A beer index means you can tick each beer off as you try it, while a directory of beer styles, a glossary and a detailed introduction make this a unique guide to the diversity and renewed popularity of real beer around the world.

### About the Author

Roger Protz is an award-winning journalist, author and broadcaster. He is the author of more than 15 books about beer and brewing, and is also the Editor of the annual bestselling *Good Beer Guide*.
